**bankberry**  
Interface for your Business

## Letter of Intent

**Bankberry** is new starts ups-based company from Bangalore, India.

It deals with FMCG products for B2B space and will generally have wide markets across the globe for our imports/exports trade and will be interested to avail the Cargocoin services, subject to funding received from the potential investors.

**Cargocoin** – New revolution in the marine industry operating through fixed price virtual currency by using blockchain technology.

**The traditional method of export/imports have lot of barriers,**

1. Bill of lading.
2. Letter of credit.
3. Invoice and documentation are lengthy, complex process sent to Bank for necessary approval. (Physical delivery of document etc.).
4. Substantial time consumed to credit funds to current accounts impact the working capital.
5. High charges on freight by freight carriers.
6. High handling charges by the Bank.
7. Not sure on the data security.
8. One dedicated resources to be appointed to do these exports/imports procedures only running around to Banks for formalities.

All these barriers are overcome by simple registration and click with **Cargocoin**.

**Cargocoin can be operated through fiat money and will be revolution in the marine industry.**

**We are eager to Cargocoin to kick-starts its operation/business.**

**All the very best for your new journey.**

Many Thanks,

Balaji Aditya Chavan
